My Certification

Program Solving Through Programming in C
Certification Course from Indian Institutes of Technology of Kharagpur through NPTEL.

Programming for Everybody
Certification Course offered by University Of Michigan completed with 97.37% marks.

Python Data Structures
Certification Course offered by University Of Michigan completed with 97.60% marks.

AWS-Going Cloud-Native
Certification Course offered by Amazon AWS completed with 95.71% marks.

AWS-Building Serverless Applications
Certification Course offered by Amazon AWS with 99.11% marks.

Education

SRM IST, Chennai
B.Tech (CSE)

City Montessori School
Senior and Higher Secondary

Experience

Application Developer
Gimme Laundry | Internship

Project Team Lead
SRM Innovation and Incubation Centre

Technical Lead
BioCom- SRM Biology Community

Full Stack Engineer
DOT Pvt. Ltd. | Internship

Chief Operating Officer
Inventeurs | Startup

Data Science Intern
SmartKnower

Research Paper

DeepLearning Research for EyeSight Assisting Model (DREAM) :
International Journal of Research in Engineering, Science and Management

Enhancement Of ATM Security Using Deep Learning :
International Journal of Scientific Research in Engineering and Management

Passionate
Persistent
Persevering

Acheivements

Winner for the Open Project
SRM Innovation and Incubation Center.

Inventeurs
Secured funding from Ministry of HRD for Project under NewGen IEDC. [Rs.2.5 Lakhs]

Core Competencies

Cloud Computing
Amazon Web Services , Firebase .

Web Development
React Js , Express Js , Node Js
Mongo Db , REST API .

Data Science
Linear & Logistic Regression,
KNN & CNN Classification,
LSTM , Image - Recognition,
Image Captioning,
Natural Language Processing,
Text Classification, Clustering
(K-Means).

Programming isn't about what
you know,
It's about what you can
figure out
